To take a class online requires a separate application and special permission granted by the student's counselor.

The high school summer school program is designed, with few exceptions, for students who are credit deficient, who have failed a class required for graduation or college admission, or those who require remediation in order to meet high school exit standards. Classes available this summer for incoming 9<sup>th</sup> grade students include: ALearn Catalyst Math, Intensive Literacy Workshop for English Language Learners and select Special Education courses. Signups for all students is on a first-come, first-served basis.

11<sup>th</sup> and 12<sup>th</sup> grade students, who wish to take a summer school class for acceleration or enrichment, may apply for permission from their counselor to take such classes at Foothill or De Anza College, however, spaces for high school students at the college are very limited. Classes taken through Foothill/De Anza College generate credits that are posted both on the student's college and high school transcripts. Please consult the Foothill/De Anza catalogs for course selections and further information.

**Registration for high school summer school classes begins on March 11<sup>th</sup>, 2019.** Applications will be available online and in the counseling offices at Mountain View, Los Altos, and Alta Vista High Schools, as well as the middle school offices. To ensure enrollment, a completed application form must be turned in to the counseling office as early as possible, **but no later than Friday, April 19<sup>th</sup>.** **Classes may be canceled without prior notice if enrollment is not sufficient.** Confirmation of registration and class assignment will be mailed during the second week in May. If there are any questions, please contact your counselor.

### PLEASE NOTE:

Only students who attend school in the Mountain View-Los Altos UHSD during the school year are eligible to enroll in the district's summer school program. In order to receive credit, students may not be absent from class more than 6 hours, or one full day, each session, for ANY reason (including illness and tardiness). A student may be dropped from summer school for absences in excess of one day. Summer school is a privilege and not a right. Students who violate school rules will be dropped from summer school. All disciplinary acts that would result in a suspension during the regular school year will result in disenrollment from summer school without credit.
