SCHOOL YEAR: _____ **DATE OF APPLICATION:** _____ **CREDITS REQUESTED*:** _____

**Credit is issued on a Pass/Fail basis only. No letter grades will be issued for Independent Study PE*

ACTIVITY TO BE CONSIDERED FOR INDEPENDENT STUDY CREDIT:

SPONSORING ORGANIZATION:

ASSOCIATE SUPERINTENDENT APPROVAL:

The independent study physical education activity described in this agreement has been:

- Approved
- Denied

Associate Superintendent signature: _____ Date: _____

Independent Study Physical Education Program

Students who participate in organized physical activities and have proven to be **elite athletes** in their particular activity may be exempted from the school district physical education classes if they enroll in the District-approved Independent Study Physical Education Program (ISPE). Participation in the ISPE program shall be determined solely by the District.

The designation as an **elite athlete** means that a student competes at the highest level within his/her sport or activity. The number of elite athletes within the District may vary annually but prior trends suggest that few students will meet this standard each year. Students who compete on an Olympic team or Olympic development team may be designated as an elite athlete. Elite athletes may compete professionally or internationally, depending upon their particular sport or activity. Elite athletes may be forced to maintain a schedule for practice or competition that conflicts with regular school attendance. Some elite athletes travel to international competitions or train at designated facilities outside the Bay Area.

Participation in “club sports” does NOT serve as a minimum standard for determining if a student is an elite athlete. Some elite athletes may choose to participate in club sports or school teams in addition to their other training but participation in club sports will not be taken into consideration in the qualification process.

Participation in the ISPE program shall be made by the Associate Superintendent for Educational Services. The Associate Superintendent may confer with other appropriate school personnel to determine if a student qualifies as an elite athlete. Applications shall be submitted to the Associate Superintendent for Educational Services at least two weeks prior to participation in ISPE. Students will be notified by the District after a decision has been rendered regarding their participation.

Qualifications: To qualify for enrollment in ISPE, the student:

- must not have completed the twenty (20) semester units of physical education required for graduation from the Mountain View Los Altos High School District;
- must qualify as an “elite athlete,” as defined by the District, and must provide documented evidence of participation at an elite level of performance;
- must participate in an approved ISPE program for 18 weeks per semester, for a total of 180 hours, under the supervision of the Sponsoring Agency;
- must keep a weekly attendance log that accurately accounts for hours of participation and activities, which is signed at the conclusion of each semester by the Sponsoring Agency, the student and the student’s parent/guardian and is submitted to the Assistant Principal by the date designated in the acceptance letter for ISPE.

General Enrollment Procedures: Students must submit a completed ISPE application to the Associate Superintendent for Educational Services at least two weeks prior to participation. The completed Independent Study Physical Education Agreement must include the signatures of the student, parent, and authorized supervising coach or agency, as well as the completed Qualification Checklist.

Monitoring and Evaluation: Students, parents, and the Sponsoring Agency must adhere to the requirements of the ISPE program and sign their sections of the agreement. Evaluation of students will be the responsibility of the Sponsoring Agency and the Mountain View Los Altos High School District.

Students will receive a Pass/Fail grade. Students who are in the program for eighteen (18) weeks, complete a minimum of one-hundred eighty (180) hours of supervised practice, competition, and/or performance, and turn in the activity log sheet by the announced deadline will receive five (5) physical education credits toward the graduation requirement of twenty (20) credits. Not meeting the conditions of the agreement will result in a failing grade and zero (0) credit.

Independent Study Physical Education

This program is authorized under Governing Board Policies 6146.1, 6146.11 and 6158.

- BP 6146.11 authorizes the superintendent to grant credit toward graduation for college courses and private instruction attended by district students.
- BP 6158 recognizes Independent Study as an optional alternative instructional strategy by which students may reach curriculum objectives and fulfill graduation requirements. Independent Study shall offer a means of individualizing the educational plan for students whose needs may best be met through study outside of the regular classroom. Independent Study may be offered only to students who can achieve in this program as well as or better than they would in the regular classroom.
- BP 6146.1 authorizes the principal to grant credit toward high school graduation for private instruction and course work completed by agreed upon alternative means.

Participation in ISPE shall be determined solely by the District's representative. A student may appeal a determination for participation in ISPE to the Superintendent. The Superintendent shall render a final determination within 30 days of receipt of the appeal. The determination of the Superintendent shall be final.

Special Education students and 504 students whose IEP or personal learning plans include provisions to complete their PE requirement in an alternative setting are exempted from the criteria set forth in the checklist.

Independent Study is not intended to supplant curriculum available at the high school.

Failure to meet the requirements of the Independent Study Physical Education Agreement will render a student ineligible to continue in the program during subsequent semesters.

Note: Before credit is granted, ninth and tenth grade students will be required to demonstrate that they can pass the California Physical Fitness test administered in April/May.

Physical Fitness Test Categories/ Expected 9th
Grade Outcomes

1. Aerobic capacity
 - PACER (Progressive Aerobic Cardiovascular Endurance Run)
 - One-Mile Run
 - Walk Test (only for ages 13 or older)
2. Abdominal strength
 - Curl-Up
3. Trunk extension
 - Trunk Lift
4. Upper body strength
 - Push-Up
 - Modified Pull-Up
 - Flexed-Arm Hang
5. Flexibility
 - Back-Saver Sit and Reach
 - Shoulder Stretch
6. Body composition

Physical Education Content Areas

Education Code 51220(d) and 33352(b)(7) require that an LEA offer a course of study in physical education for grades nine through twelve that includes instruction in eight areas over the span of the physical education classes offered as part of the school's course of study.

1. The effects of physical activity upon dynamic health
2. Mechanics of body movement
3. Aquatics
4. Gymnastics and tumbling
5. Individual and dual sports
6. Rhythms and dance
7. Team sports
8. Combatives

PRIVATE INSTRUCTION PHYSICAL EDUCATION
QUALIFICATION CHECKLIST

NOTE: Please check off each requirement to be met providing evidence that can be collected and assessed. Attach any supporting documents.

1. The student has prior experience in the activity. Qualifying experience is year-round instruction/training on 5-6 days per week average.

Evidence:*

*Examples of acceptable evidence include:

- Log of previous experience
- Letter signed by Coach/Supervising Instructor indicating years of experience and the average workout (type and length) each week

2. The activity involves skill improvement sessions 5-6 days per week.

Evidence:*

*Examples of acceptable evidence include:

- Description of skills improvement sessions signed by Coach/Supervising Instructor

3. The activity will occur under the supervision of a Supervising Instructor/Coach who has the appropriate training and expertise to provide the level of instruction required for the activity.

Evidence:*

*Examples of acceptable evidence include:

- Letter/Resume from Coach/Supervising Instructor indicating his/her training & expertise

4. The student practices/trains a minimum of 10 hours per week under appropriate supervision.

Evidence:*

*Examples of acceptable evidence include:

- Note signed by Coach/Supervising Instructor and student committing to this requirement

5. During the course of the year, the student will participate in advanced level competitions and performances, in accordance with the District's definition of an "elite athlete."

Evidence:*

*Examples of acceptable evidence include:

- Ribbons, awards, plaques from competitions
- Official ranking at professional/national, or Olympic levels

6. For students in grade 9, please describe how the Physical Fitness Outcomes/Test Categories can be met through the activity (see page 3). Other grade levels, please indicate which of the eight required areas of instruction are addressed through this activity.

Evidence:

*Examples of acceptable evidence include:

- Essay or other writing that describes how your athletic activity meets the Physical Education Outcomes.

INSTRUCTOR/COACH AGREEMENT:

Name of Instructor/Coach: _____

Organization: _____

Address: _____

Please describe your expertise, experience, and training in coaching or instructing this activity: _____

INSTRUCTOR COACH AGREEMENT:

I believe the objectives that have been identified for Independent Study by the student named in this agreement can be achieved, and I agree to supervise the student's Independent Study Physical Education activities as stipulated in the agreement. I further agree to complete and submit the attached Assessment and Evaluation Form at the end of the quarter and semester.

I understand that I must provide instruction that is appropriate and consistent with the expectations defined in the Physical Education Standards for California Public Schools.

Signature: _____ Date: _____

Phone Number: (Day) _____ (Evening) _____

Email: _____

**This completed application must be submitted to the MVLA
Associate Superintendent for Educational Services at least
two weeks prior to participation in ISPE**

**INDEPENDENT STUDY PHYSICAL EDUCATION
ASSESSMENT AND EVALUATION FORM**

(To be completed by the Instructor/Coach)

Student Name: _____

Objectives and Expected Standards for this Activity: _____

Grading Period Status Report on Student Progress Towards These Objectives and Standards: _____

Instructor/Coach Assessment of This Student's Work: _____

Pass / Not Passing (circle one)

Date: _____

I certify that the California Physical Education Standards for this student's grade level have been met during this grading period.

Signature of Supervising Instructor: _____

*****Please note that this form and the following Independent Study Physical Education Log is to be submitted to the Associate Superintendent for Educational Services by Tuesday of the week in which the semester ends.*****

INDEPENDENT STUDY PHYSICAL EDUCATION ACTIVITY LOG

(To be completed by the student with appropriate signature and submitted to the Physical Education Instructional Supervisor as noted in the procedures/guidelines)

Name: _____ Month _____ Year _____

Grade Level: _____ Sport/Activity: _____

To complete the Independent Study Log Calendar:

1. Identify the appropriate dates on the calendar.
2. Note hours and achievements on the calendar on a daily basis.
3. Identify the nature of the daily activity as a workout, competition, or performance.
