17.8 Change Order #3A Between Mountain View Los Altos High School District and Gonsalves & Stronck to Provide Services Related to the Los Altos High School Facility Repairs Inc. 1&2 – 500 Wing Replacement Project

Mountain View Los Altos High School District is requesting Change Order #3A with Gonsalves & Stronck be ratified: - Facility Repairs Inc 2: The plans called out for 10" Skylights, however, the clips attached to the Skylights need blocking which was not shown on the plans. The design intent was to use curb cap, but 10" skylights do not come with curb cap. Contractor to Provide the material and labor for this added blocking for the Skylights. - 500 Wing Replacement:

Provide all labor, equipment, and material to excavate & off haul for deepened foundations. Provide stepped footings and fill trenches with lean concrete/slurry after excavation as described in Request for Information #21.3 and Construction Change Directive #5 (CCD#5). Contractor shall also excavate around unforeseen existing pool pipes in conflict with the building footing and provide a slurry encasement around the pipes per CCD #5. - Facility Repairs Inc 2: Provide labor, equipment, and material to sawcut the concrete floor at classrooms 408, 409, and 410 as needed to accommodate in-slab electrical conduits to bypass doorways as described in Request For Information #11.1. Contractor shall also provide concrete patch back following completion of the electrical scope. Carpet and tile replacement will be completed under a separate work directive utilizing the contract allowance.

Recommendation: Ratify Change Order #3A between Mountain View Los Altos High School District and Gonsalves & Stronck to provide services related to the Los Altos High School Facility Repairs Inc. 1&2 – 500 Wing Replacement project.

17.9 Change Order #1C Between Mountain View Los Altos High School District and MK Pipelines to Provide Services Related to the Los Altos High School Facility Repairs Inc. 1&2 – 500 Wing Replacement Project

Mountain View Los Altos High School District is requesting Change Order #1C with MK Pipelines be ratified: - 500 Wing Replacement: Provide and install Fire Department Connections (FDC), Check Valve and Post Indicator Valve (PIV) as needed for the 500 Wing. The original design intent was to use the existing PIV & FDC and tie into the fire line extension that was installed during construction of the new classroom building (600 wing). But it was recently determined that this would not be sufficient for the new 500 Wing as described in Request For Information #1. - Facility Repairs Inc 1: The contract drawings direct the contractor to replace waterlines and match the existing pipe size to conform to existing conditions, but for bidding purposes to assume waterlines are 3". It was determined that the existing line between the 400 & 500 East Wings was 6" and will need to be replaced with a 6" pipe, therefore, there are added costs for the larger materials and additional labor to install heavier pipe and bolted attachments as opposed to gluing 3" pipe which is a much quicker assembly. Provide all labor, equipment, and material to install the new 6" water line. - 500 Wing Replacement: Provide labor, equipment, and material as needed to relocate the fire riser at the new 500 Wing due to conflicts with unforeseen pipes coming from the pool pump room. Scope of work includes re-excavating previously installed pipe, rerouting pipe, retesting, and backfill.

Recommendation: Ratify Change Order #1C between Mountain View Los Altos High School District and MK Pipelines to provide services related to the Los Altos High School Facility Repairs Inc. 1&2 – 500 Wing Replacement project.

17.10 Change Order #20A Between Mountain View Los Altos High School District and Beals Martin to Provide Services Related to the Mountain View High School Student Services Building Project

Mountain View Los Altos High School District is requesting Change Order #20A with Beals Martin be ratified: - Setup scaffolding in both stairwell areas, for the electrician to install light fixtures and for the painter to complete painting. Scaffolding was removed to accommodate other activities while waiting for customized light fixtures (long lead item) delivery. In addition, Contractor shall install taping around light fixtures to eliminate the gap between the lights and the wall. This work is to be done via time and materials. - Provide and install 2x2 maple wood at two locations in order to extend the counter and support the roll up door when the door is lowered. This work was unforeseen. Work is to be completed via time and materials. - The seat wall footings were poured with a slight slope, per the plans, which will cause the seat walls to not be level. In order to level the seats, Contractor shall shim and grout underneath the seat walls. This work is to be completed via time and materials. - Provide and install a glass guard rail at the second floor counter top at the student services building per Architect Supplemental Information #74.

Recommendation: Ratify Change Order #20A between Mountain View Los Altos High School District and Beals Martin to provide services related to the Mountain View High School Student Services Building project.

17.11 Change Order #14D Between Mountain View Los Altos High School District and Best Electrical to Provide Services Related to the Mountain View High School Student Services Building Project

Mountain View Los Altos High School District is requesting Change Order #14D with Best Electrical be ratified: - Raise and repair 13 existing electrical and data boxes located in various locations outside of the Student Services building to accommodate the new concrete. In addition, Contractor shall run new underground conduit and run power to the new site light poles. This work is to be tracked via time and materials. - Hard wire the irrigation controller at the Student Services building instead of having this device plug into an outlet. Since the controller is located outside the building, in order to prevent this from being disconnected easily, we would like to hard wire the controller.

17.28 Resolution 23/24-15 Declaring the Futility of Public Bidding for Earthwork & Paving Trade Services for the Los Altos High School Student Services Building Project

Since receiving bids and awarding contracts for this project, necessary change orders to the scope of work have exceeded ten percent of the original contract amount. Based on the information as outlined in the resolution, it would be futile and would not produce an advantage to the District to attempt to bid the additional work. Change Order #1H (under 25K) and the

accompanying resolution is for work already performed. The resolution is required for contract compliance. The change order is within the project budget.

19.0 Business/Action Items

19.1 MVLA Mathematics Department Presentation

The MVLA Mathematics Department staff will present important information regarding our high-quality Math departments. They will cover topics such as course overviews, department strengths, goals, data, and challenges.

Recommendation: For Information.

Los Altos High School Department Chair Adam Anderson and Mountain View High School Department Chair Annie Liu presented information regarding their respective Mathematics programs. Board members asked clarifying question and commented on the report.

19.2 First Reading Board Policy: MVLA Family Engagement Policy

This is the first read of the proposed MVLA Family Engagement Policy. This policy is the first time MVLA has created a policy specifically to highlight the importance of Parent and Family Engagement in the education process. This policy prioritizes specific areas related to current practice and future growth.

Recommendation: Information.

The Board of Trustees discussed the policy and potential changes. This policy will be presented again at a future meeting.

19.3 2024-2025 Academic Calendar - DRAFT

The high school calendar is adopted annually by the Board of Trustees to establish the beginning and end of the school year, recognize legal holidays, and provide for local holidays and other periods when school is not in session. Education Code 37220 subdivision (e) allows the District to revise the date that schools close in observance of any holiday identified in subdivision (a) through the adoption of a Board Resolution and that is also included (No. 23/24 -11).

Recommendation: Approve the 2024-2025 academic calendar.

Recommendation: Information.

The Board will review the dates for the 2024 Calendar Year and vote at the next Board Meeting on December 18, 2023.

19.5 Proposed Courses of Study for the 2024/25 School Year

The process of proposing new courses involves many deliberations and considerations across various aspects. These discussions encompass a wide range of topics, such as analyzing master schedules, evaluating the students who will benefit from the courses, assessing potential impacts on existing courses, examining budgetary implications, and determining the overall value of the proposed courses. These conversations aim to ensure that the new courses align with the district's educational goals and provide meaningful opportunities for students. For the 2024-2025 school year, both of our comprehensive high schools are submitting new courses. For Los Altos High School, these courses enhance our current class offerings rather than entirely new additions. The introduction of 'Digital Communications I' will become the course to the existing LAHS Journalism class and will also become a CTE concentrator course into the Arts, Media & Entertainment (AME) pathway. Although many aspects of the current journalism curriculum will be retained, additional components will explore various careers within the field. Students will have the opportunity to delve into different forms of journalism, including reporting, advertising, broadcasting, publication, and more. Digital Communications I will provide students with two distinct options for their subsequent year's course within the CTE pathway. They can opt for Digital Communications II/Talon, which will primarily focus on news writing and reporting, or they can choose Digital Communications II/Yearbook, which mainly

emphasizes print media publishing and photojournalism. Both Communications II/Talon and Communications II/Yearbook will serve as the capstone courses for this CTE pathway. For Mountain View High School, brand new courses of Business Management II and Health Careers II are being proposed. These courses will serve as the CTE capstones to the concentrator courses introduced in the 2023-2024 school year, namely Business Management I and Health Careers I and will complete the CTE pathways for each of these new Sectors to MVLA (Patient Care Pathway, and Business Management respectively. In addition, both of these pathways will potentially feature Dual Enrollment Credit with our CCAP Partner, Foothill College, dependent on teacher staffing. Integrated Science is a new course. This course will replace Pre-Biology and Pre-Environmental Science. This course is for our English Language Learners (levels 1 & 2). The purpose of this course is to expose our students to all the sciences required by NGSS (Biology, Chemistry, Physics, Earth and Space Science) providing them with a comprehensive learning experience. Regarding Digital Communications and similar LAHS in how these are more enhancements to current courses than brand new courses. Digital Communications I will replace Publication Design and will serve as an introductory course to the Arts, Media & Entertainment (AME) CTE Sector, Digital Communications pathway. Students will learn foundational skills in digital media, including graphic design, multimedia production, and digital storytelling. Digital Communications II will be the first-year course for students entering the Oracle journalism program, which will now be a CTE concentrator course within the AME Digital Communications pathway. Students will deepen their understanding of journalism principles, refine their writing and multimedia skills, and gain practical experience in news reporting and publication. Digital Communications III will be the CTE CAPSTONE to the MVHS Digital Communications Pathway under the AME Sector. It will be designed for students who choose to continue their involvement in the Oracle journalism program for a second year. This advanced course will provide students with opportunities to take on new roles, engage in further learning, experiment in broadcasting, and participate in internships or field experiences to gain real-world insights into the fi
