

Hey MVLA!

Get ready to select a

Distance Learning option!

Option A

Distance learning with a rich, robust curriculum with classes of students and MVLA direct instruction. It will include a community of learners and may turn to in-person teaching and learning when/if allowable under state and local guidelines. Course offerings will include all traditional classes, including Advanced Placement (AP), college preparatory, Honors, and electives with the teachers you would normally have in person.

Option B

A full semester to full school year option that will use an online learning platform that provides a high quality, robust remote learning experience with content that meets rigorous University of California A-G requirements. This option will be provided in conjunction with MVLA teacher support and Zoom meetings and will provide a stable and consistent program while also allowing students to remain connected to their resident school. Course offerings are in the process of being finalized. Students would be able to transfer to Option A at the end of the semester if they so choose.

No matter what option students choose, they will have ongoing access to academic counseling, school-based mental health services, college advising, and tutoring support. As conditions permit, students will also be able to participate in clubs and extra curricular activities.

Watch for Distance Learning Options information to be emailed to you and your families to review and select during the week of (July 27 – August 17, 2020)
