In keeping with the State guidelines of SB12 and SB 965, please note:

1. The school day restrictions for sales applies from one-half hour before to one-half hour after the end of the school day (at MV this includes periods 0-7).
2. MV will not have a student store that sells food or beverage items. We will continue with spirit items and school supplies in very limited numbers.
3. One student organization may sell one, NON-competitive food item each day of the school year, and multiple groups may sell four days per year. All will be checked with food services prior to events.
4. All food sales must comply with the California Food and Beverage Restrictions, also known as the 35-10-35-250 rule (see SB 965 and SB 12). Details below.
5. Auditors would like "tally sheets" used for cash sales that are not receipted.
6. All merchandise should be inventoried regularly.
7. Student groups need to prepare profit and loss statements for fundraisers.

SB 12 established nutrition standards for any food sold anywhere on school campuses K-12 outside the school meal program. Those include foods sold a la carte, in vending machines, in school stores, or as part of a school fundraiser. The bill established limits on fat and sugar content and portion size.

1. FOOD STANDARDS FOR ALL SCHOOLS K-12

- Strengthens and implements the competitive food standards originally described in SB 19 (Escutia, 2001).
- An individually sold snack may have no more than:
 - 35% of its calories from fat (excluding legumes, nuts, nut butters, seeds, eggs, vegetables that have not been deep-fried, and cheese packaged for individual sale).
 - 10% of its calories from saturated fat (excluding eggs and cheese packaged for individual sale).
 - 35% sugar by weight (excluding fruits and vegetables).
 - 250 calories (middle and high schools)
- An individually sold entree may have no more than:
 - 4 grams of fat per 100 calories
 - 400 calories
 - And must qualify under the federal meal program
